*Rosetta Stone Spanish Latin America has been installed for use on one of the library loaner laptops. The laptop can be checked out for in-library use for up to 3 hours.

*New computers will be installed on August 14th. This may cause some interruption in computer access that day.

Help! I Need Some Articles!

Do you ever need articles for your research or projects?

If you are short on time or would like for one of the UT Health Science Center Librarians to do an article search for you, we have a service that is available to all faculty and staff. Our libraries often get requests for articles on biomedical and other related topics. The service provided for such requests is called a Literature Search Service. By clicking on the link you can find out more about how the service works and the costs involved. For faculty and staff at the Laredo Regional Campus, the search service is provided by Briscoe Librarians in San Antonio. You can access the Literature Service Request Form to submit your request 24/7, any time day or night.

If you have any questions about this service, please call our Briscoe Library Information Desk at 210-567-2450 M-F 9am-5pm or email us any time at askalibrarian@uthscsa.edu.
