## App Serves as Guide to NLM Mobile

Did you know that the National Library of Medicine (NLM) has a mobile app that is intended to serve as the authoritative guide to NLM mobile resources? This app will improve your ability to find and use NLM mobile apps and sites.

The app was created as an HTML 5 mobile Web site in support of the NLM's ongoing efforts to make their information broadly available. Support for HTML 5 is available in Web browsers on many mobile devices. Information on all NLM mobile resources will be available through this app.

To explore the app, visit <http://www.nlm.nih.gov/mobile-app/> on a mobile device such as an iPhone, iPad, Android smart phone, Blackberry, or Microsoft phone.

## ACA Brings Together Community Advisors

On Friday, November 8th, the UT Health Science Center Libraries met for their bi-annual Community Advisors meeting. Gathering for the meeting by videoconference were the Briscoe Library in San Antonio, the Ramirez Library in Harlingen, and the Laredo Regional Campus Library. On topic for the meeting was the Affordable Care Act (ACA). Advisors discussed local community response to the ACA and services available in support of enrollment. In Laredo, advisors met in the Library Conference room and were hosted by one of the Laredo Regional Campus Library Assistants, Erika Silva. Laredo advisors in attendance, pictured here from left to right, included Serenidad Briones with Gateway Community Health, Phebe Robinson Laredo Regional Campus Admissions Officer, Dr. Desi Vasquez with the U.S. Dept. of Veterans Affairs, Jaime Arizpe with Health & Human Services, Doug Ferrier Director of Killam Library at Texas A & M International University (TAMIU), Sister Rosemary Welsh with Mercy Ministries, and Rodney Webb Head of Government Documents at the Killam Library at TAMIU. Not pictured but in attendance was Lou Castañeda, Laredo Regional Campus Senior Administrative Assistant. The UT Health Science Center Community Advisors Group have been meeting since 2007.
