What's New in Clinical Key?

CLINICAL KEY is a database which contains a wealth of medical and surgical information. Content includes over 1,000 e-books, over 500 e-journals (including the famous “Clinics” titles), and thousands of videos and images. Also included is point-of-care content from First Consult.

For a list of the newest ClinicalKey titles click [here](#).

Access all titles in ClinicalKey through the library's [database page](#) or the [library catalog](#).

*Must register for personal account to view PDFs.

Dennis D. Cantu Magnet Students at Laredo Regional Campus

On Tuesday, September 29, 2015, the Area Health Education Center hosted Freshman and Sophomore students from the Dennis D. Cantu Magnet School at the Laredo Regional Campus. Programs available through AHEC and the Regional Campus were showcased. Erika Silva, Library Assistant at the Laredo Regional Campus Library, provided a brief library orientation during a morning and afternoon session to a total of 114 students. Students learned who can use the library, what kinds of items we have, when we are open, where we are located, and why they should visit our library. Instructions on how to use the library catalog to find print materials were also discussed. An information table with health resources from the National Library of Medicine was also provided.
